

国立大学法人

電気通信大学

The University of Electro-Communications

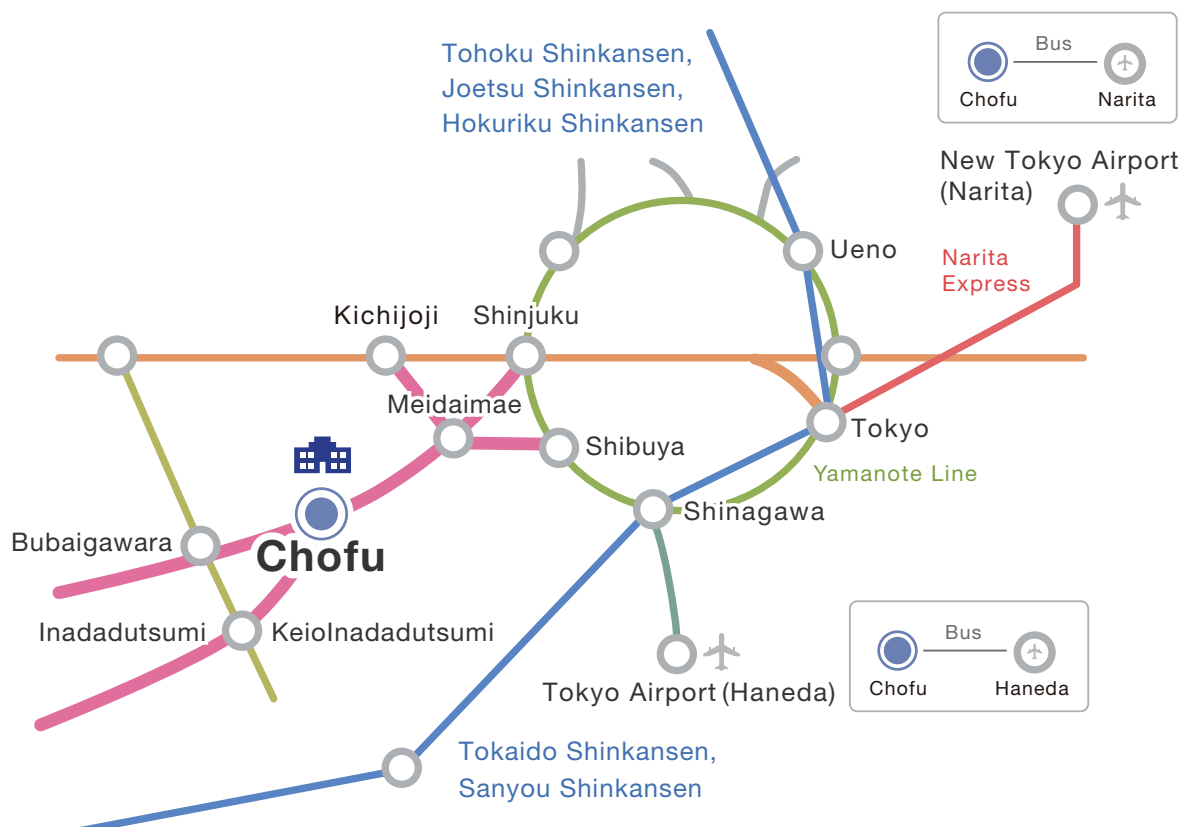

The University of Electro-Communications (UEC Tokyo), which celebrated its centenary in 2018, recognizes that fostering and producing highly-skilled professionals who can lead Scientific and Technological Innovation in order to support a knowledge-based society is our primary mission.

- We have established an entirely new educational and research system since academic year 2016, to enhance and strengthen our institution.
- More than 70 % of new graduates of our int'l students are employed in the companies in Japan.

By the study and teaching of science and technology spearhead, UEC Tokyo continues to contribute greatly to the development of society.

1. Location

- Chofu-city, Tokyo, JAPAN
- 15 mins from Shinjuku, by the express train.
- Airport Limousines are running between Tokyo International Airports (Narita or Haneda) and Chofu.

2. Programs

(1) Degrees programs

[14 educational programs in 3 degree courses, and a joint program in doctoral course]

a) Undergraduate program

b) Graduate programs (master's degree and doctoral degree programs)

(2) Non-degree semestral programs

a) Exchange Student Program, called JUSST Program, with our partnership universities.

b) Credited auditor program for the persons who are in the undergraduate level.

Students are required to take courses more than 10 hours/week in order to hold the resident status/visa as "college student".

c) Research Student Program, preparatory program, for graduate school, for the persons who are undergraduate graduates.

(3) Non-degree laboratory work program

a) Short-term research student program. Short-term laboratory work for both under-graduate and graduate students.

3. Schools and their Educational System (See the figure in the next page)

School of Informatics and Engineering 情報理工学域 [14 educational programs]

- Cluster I (Informatics and Computer Engineering) I類 (情報系)

- Cluster II (Emerging Multi-interdisciplinary Engineering) II類 (融合系)

- Cluster III (Fundamental Science and Engineering) III類 (理工系)

Graduate School of Informatics and Engineering 情報理工学研究科 [14 edu. programs]

- Department of Informatics 情報学専攻

- Department of Computer and Networking Engineering 情報・ネットワーク工学専攻

- Department of Mechanical and Intelligent Systems Engineering 機械知能システム学専攻

- Department of Engineering Science 基盤理工学専攻

- (Doctoral Program only) Joint Doctoral Program for Sustainability Research

共同サステナビリティ研究専攻

4. Tuition and Fees (as of July 2021, it is subject to change)

Degree programs (MEng/PhD)		(JPY)
Entrance Fee		282,000
Tuition	Spring Semester	267,900
	Fall Semester	267,900

Credited audit program		(JPY)
Entrance Fee		28,200
Tuition	/subject	14,800

Research student program		(JPY)
Entrance Fee		84,600
Tuition	/semester	178,200

Non-degree lab work program		(JPY)
No Entrance Fee		
Tuition	/month	29,700

There are 2 semesters annually; spring and fall semesters are from April to September and from October to March, respectively. The tuition of short-term (research) program may be exempt for the students from our exchange partner institutions.

Educational System at UEC

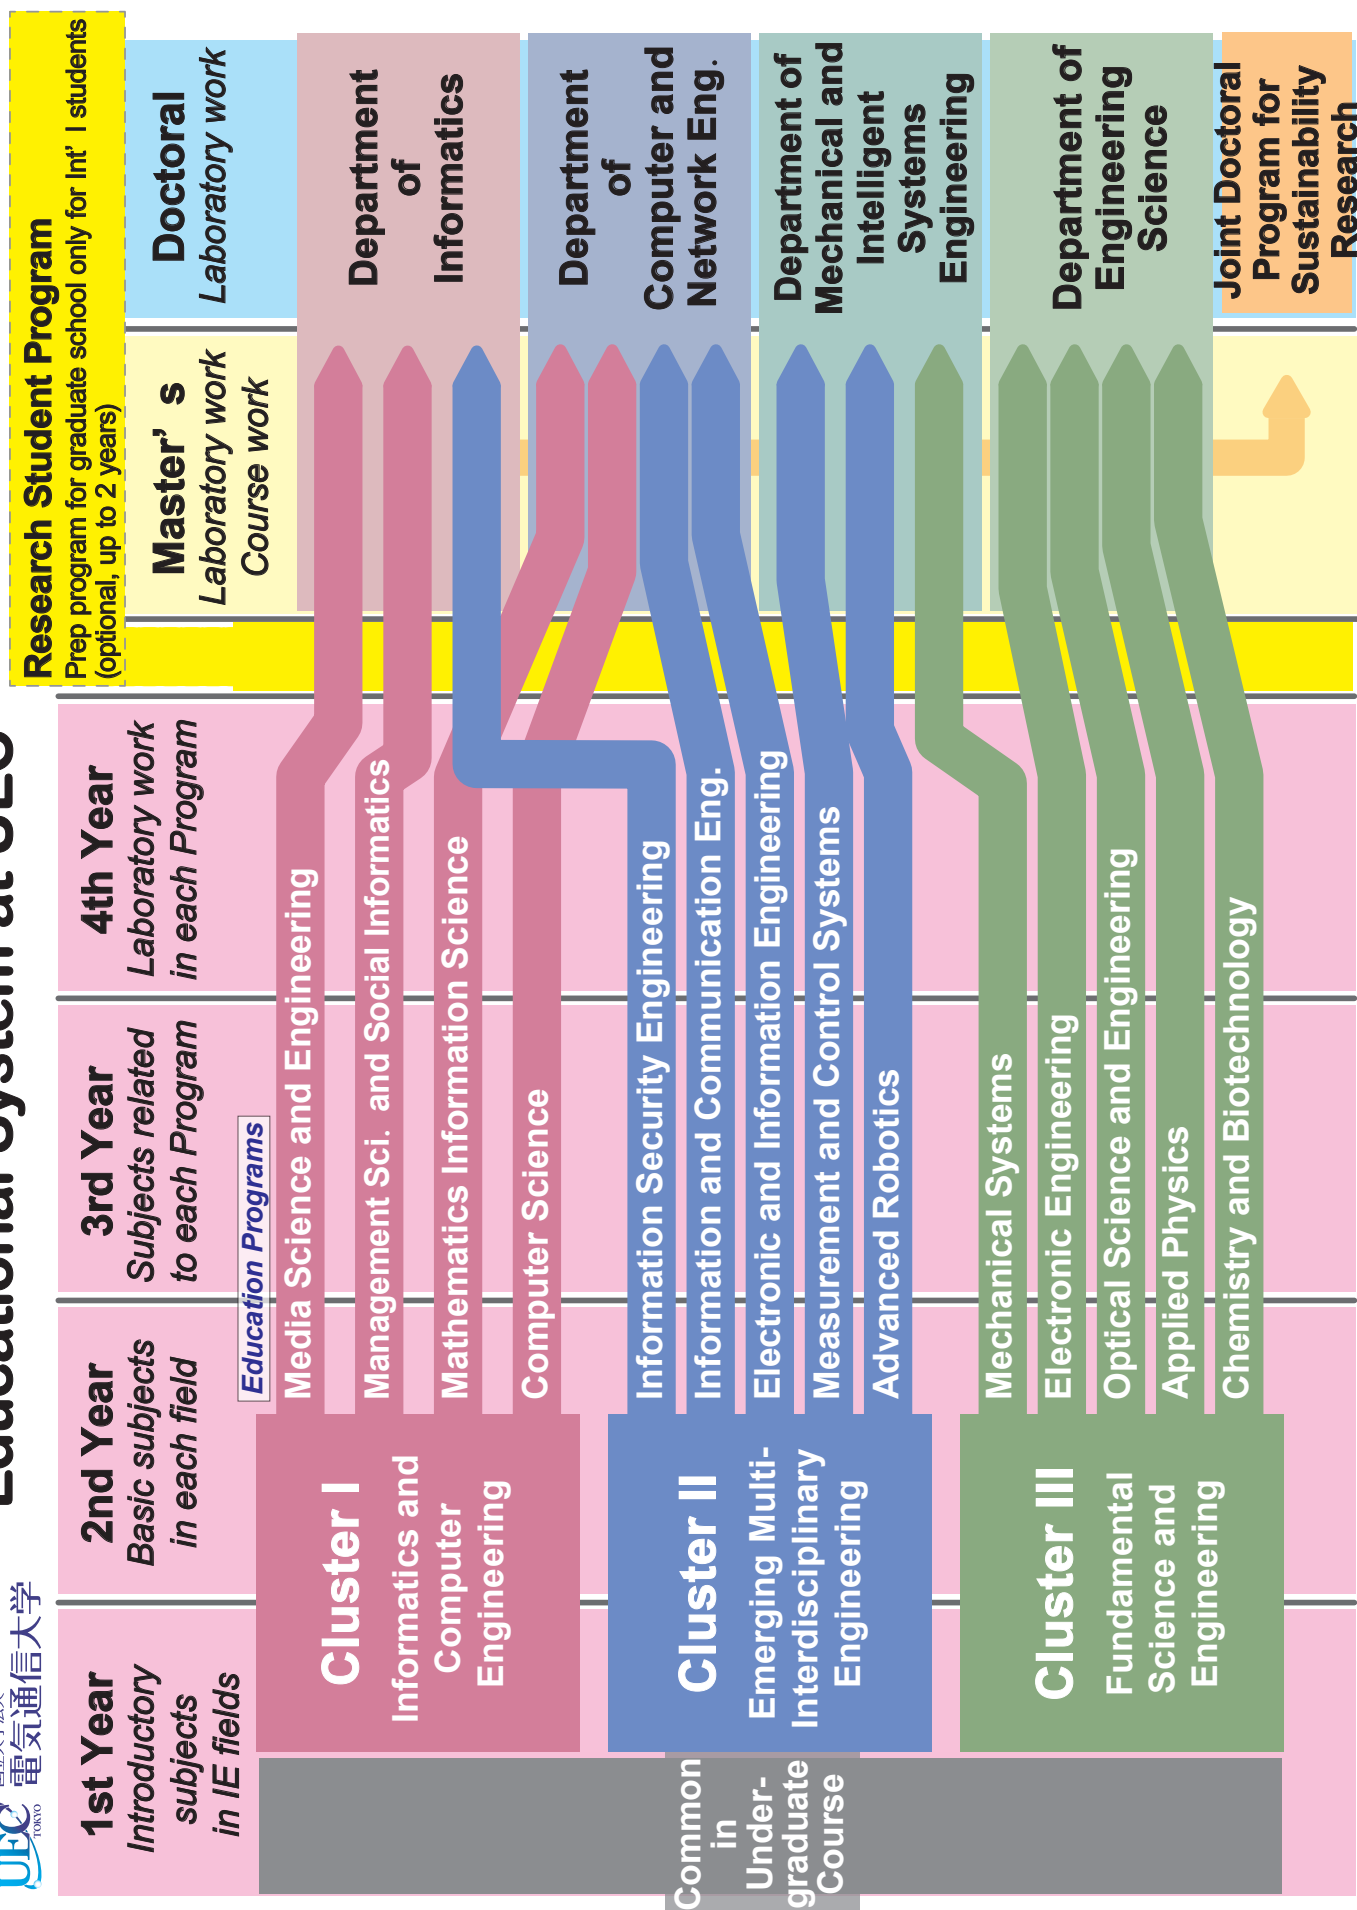

Figure: Educational System and list of 14 Educational Programs in Schools of Informatics and Engineering (IE)

5. Scholarship

A. Japanese Government (MEXT) Scholarship

(1) Scholarships for undergraduate and graduate research students recommended by Japanese Embassies

Refer the Study-in-Japan Guidebook by JASSO.

(2) Scholarships for international research students referred by UEC

These scholarships are available for the prospective students in the master's and doctoral programs. The scholarships are awarded based on your research field and qualifications. You may apply by contacting a prospective faculty supervisor or department head at UEC.

Currently UEC have 2 special programs with a period: One is MICH program, until enrolled in AY 2022 and the other is AiQuSci program until enrolled by AY2023.

B. Scholarship Supported by Public or Private Foundations

(1) Scholarships referred by UEC will be introduced only for the current UEC int'l students.

(2) Scholarships opening for any prospective students studying in Japan

6. Residences

There are a few options for the residence. We have a few types of dormitories for the international students at UEC Tokyo. Their rents are varied depending on the location and dormitory types (from 20,000 JPY to 60,000 JPY, including utilities).

Many of our international students live in the privately rented spaces (i.e. apartment) near the campus whose rent costs >40,000 JPY.

7. Admission Processes

Depending on the programs, the admission processes are varied.

(1) Degrees programs and research student program (preparatory for grad school):

More details in the section of Outlines of Admission Guide.

(2) Exchange student program from our partner institutions:

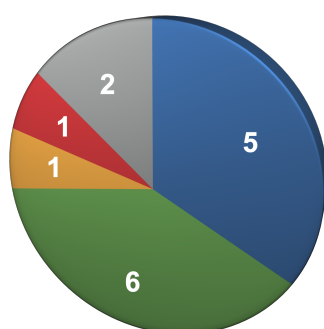

Contact the international affair section in your home university.

(3) Other non-degree programs: Enquire by email to our International Student Office.

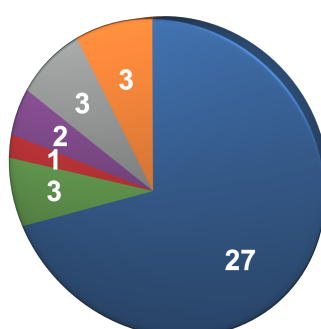

8. After Graduation (of degree program students)

After the completion of programs (Int'l students graduated in AY2020)

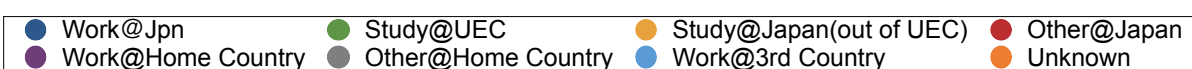

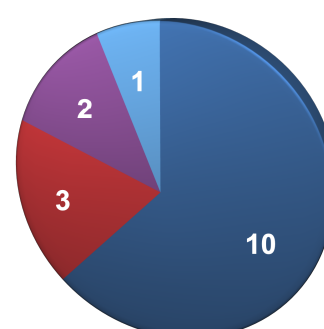

Bachelors (15 p.)

Masters (39 p.)

PhDs (16 p.)

Admission Guide to Privately-Funded International Students for School of INFORMATICS & ENGINEERING (IE)

Refer to the following URL for latest detailed info of the exam and schedule (in Japanese):

http://www.uec.ac.jp/admission/ie/exam_international.html

Application requirement

Applicants must meet all of the following 3 requirements:

- (1) Those who do not have Japanese nationality and have completed or are expected to complete 12 years of school education out of Japan (including 11 years or more of school education separately designated by MEXT). For other qualifications, please contact us as soon as possible.
- (2) Applicants must have taken the [EJU \(Examination for Japanese University Admission for International Students 日本留学試験\)](#) with the subjects of Japanese, Physics, Chemistry, and Mathematics(Course 2), in June or November of the application academic year.
- (3) Applicants must submit the original score sheet of either of TOEFL or TOEIC within two years before the April that you are planning to enroll in, and must meet the following criteria. TOEFL PBT 453 points or higher, TOEFL iBT 46 points or higher, TOEIC L&R 450 points or higher.

Note that the following applicant should be in the standard admission 一般選抜. Please contact UEC Admission Office or Int'l Student Office for more details.

- (i) Applicant, who has non-Japanese nationality but has finished (or is expected to finish by the enrollment) a secondary education in Japan.
- (ii) Applicant, who has Japanese nationality and has finished (or is expected to finish by the enrollment) a secondary education out of Japan.

Schedule in brief

The program begins only in April. Spring and fall semesters are from April to September and from October to March, respectively.

Early November:	Booklet of Application Guideline will be available.
Mid January :	Application period. Your application must arrive no later than the fixed dates and via domestic registered mail only. You should not bring your application in person to our admission office.
February 25:	On-campus academic achievement test
February 27:	Oral examination
Early March:	Announcement of results
April	Admission

Notes for application

- (1) To apply for the UEC entrance exam, you must obtain a booklet of Application Guideline for Admission of School of IE to Privately Funded International Students 情報理工学域 私費外国人留学生選抜 学生募集要項 (available in early November). The Admission Guideline are provided in Japanese only. Refer to the following URL for how to request your copy: <http://www.uec.ac.jp/admission/ie/request.html>
- (2) Your application should be filed only by registered mail within Japan 郵便書留. If you are in overseas, you may ask your proxy in Japan to apply as directed.

Screening Methods

You will be screened and evaluated comprehensively based on the results of EJU, academic achievement test and interview conducted by UEC, as well as academic performance reported by the school you are from:

(1) EJU 日本留学試験:

Subjects: Japanese, Sciences (Physics and Chemistry)*, Mathematics (Course 2)*

*You may choose either Japanese or English for the language used in these subjects. In case of you take EJU in both June and November, twice a year, the higher score will be regarded for your screening.

(2) On-campus academic achievement test, held on February 25

On-campus test is carried out only in Japanese language. The examinations of mathematics and sciences are the same as in the test of standard admission of School of Informatics and Engineering held on the same day. Reference for the contents of the academic achievement test in past several years, except the exam of Japanese is at <https://www.uec.ac.jp/admission/ie/exam.html>

Subjects		Notes [the coverage of examinations]	Allotments and length of examinations
Mathematics	Math I, II, III Math A, B, C	Math I, II, III, and A: All topics Math B: Numerical Sequence and Vector	200 points, 120 mins
Sciences (Both Physics and Chemistry)	Basic Physics and Physics	Basic Physics: All topics Physics: All topics	150 points, 120 mins
	Basic Chemistry and Chemistry	Basic Chemistry: All topics Chemistry: All topics	
Japanese Language Ability		Basic level	100 points, 75 mins

(4) Oral examination, held on February 27**Tuition and Fees**

Examination fee costs 17,000JPY. The receipt for the fee must be pasted on the exam admission slip, attached in the Admission Guideline.

Entrance fee and tuition are 282,000JPY at the admission and 267,900JPY per semester, respectively.

None of the above fees will be returned once you pay and they are subject to change.

Admission Guide to Privately-Funded International Students for Standard Admission(*) of Master's Program in Graduate School of INFORMATICS & ENGINEERING (IE)

Refer to the following URL for latest detailed info of the exam and schedule in English:

Overview of Admission http://www.uec.ac.jp/eng/admission/ie_graduate/exam.html

Application Schedule http://www.uec.ac.jp/eng/admission/ie_graduate/schedule.html

(*)Note: Our master's program also has Special Admission for Mature-Students 社会人入試, with the different requirement and screening methods for applicants. For more detail, refer the Overview website (https://www.uec.ac.jp/eng/admission/ie_graduate/exam.html).

Application Requirement

Applicant should be either of the followings; 1)who has graduated from the 4-year undergraduate school, 2) who is expected to graduate from the 4-year undergraduate school by enrollment, or 3)who has not graduated from the 4-year undergraduate school but surpasses a undergraduate graduate in scholastic ability, may be accepted along with the pre-examination. If you are applying on 3), contact UEC Admission Office directly before more than a couple of months of the application.

Schedule in brief

Screening is held only in August. Applicant is able to choose, at the application, to start the program either starting in October right after the examination (so called Fall Semester Admission) or starting in April of the following academic year (Spring Semester Admission).

Late July to Early August:	Application period
Mid August:	Examinations
Early September:	Announcement of results
Late September:	Enrollment/Admission procedure (for October admission)
October:	October admission
Mid or late March of the following year:	Enrollment/Admission procedure (for April admission)
April of the following year:	April admission

Notes for application

- (1) To apply, you must obtain a booklet of Application Guideline for Standard Admission of Master's Program in Graduate School of IE (including for privately-funded international students) 大学院情報理工学研究科 学生募集要項 博士前期課程 一般入試”. This is a set of application document and is provided in Japanese only.
- (2) Before filing your application, you are obliged to communicate with your preferred academic supervisor in which you wish to be accepted. Refer to the following URLs for contact:
Researcher Search: <http://kjk.office.uec.ac.jp/scripts/websearch/index.htm?lang=en>
"Introduction to Reserach" site: <https://www.uec.ac.jp/eng/research/introduction/>

List of faculty members (in Japanese): http://www.uec.ac.jp/education/graduate/faculty_member.html

Labo Guide (in Japanese): <https://sites.google.com/view/uec-arc/labo-guide/>

- (3) Your application should be filed only by either of the following 2 methods:
- (i) Submit in person to the service counter of Admission and Public Relations Office
 - (ii) Registered mail within Japan 郵便書留.

If you are in overseas, you may ask your proxy to do as directed above.

Screening Methods

You will be screened comprehensively based on academic achievement test, interview, and submitted documents.

The examinations on specialization is basically carried out in Japanese. Refer to the following URL for the copy of the exams in the latest 3 years:

https://www.uec.ac.jp/admission/ie_graduate/kakomon.html (in Japanese)

1. English (100 points):
The score of TOEFL or TOEIC will be evaluated for your language (English) ability. Submit, along with your application documents, the original score sheet of TOEFL (PBT), TOEFL (iBT), or TOEIC which you took within two years before the month you take the screening examination.
Note that:
 - (1) The original you submit will be returned to you.
 - (2) The score sheet of group tests, such as TOEFL-ITP or TOEIC-IP, will not be accepted.
 - (3) Unless you submit the score with your application documents, your application will not be filed.
2. Specialization(400 points):
The exam content varies depending on the department of your interest. Refer to the Admission Guideline (in Japanese) or website of Overview of Admission.
3. Oral examination (100 points)

Tuition and Fees

Examination fee costs 30,000JPY. The receipt for the fee must be pasted on the exam admission slip, attached in the Admission Guideline.

Entrance fee and tuition are 282,000JPY at enrollment and 267,900JPY per semester, respectively.

None of the above fees will be returned once you pay and they are subject to change.

Admission Guide to Privately-Funded International Students for Standard Admission(*) of Doctoral Program in Graduate School of INFORMATICS & ENGINEERING (IE)

including Joint Doctoral Program of Sustainability Research

Refer to the following URL for latest detailed info of the exam and schedule in English:

http://www.uec.ac.jp/eng/admission/ie_graduate/exam.html

http://www.uec.ac.jp/eng/admission/ie_graduate/schedule.html

(*)Note: Our doctoral program also has Special Admission for Mature-Students 社会人入試, with the different requirement and screening methods for applicants. For more detail, refer the Overview website (https://www.uec.ac.jp/eng/admission/ie_graduate/exam.html).

※If you want to apply for Joint Doctoral Program for Sustainability Research, please confirm the dedicated application guidelines for the program (<https://www.wt-jdpsr.jp/>). If you want to apply for UEC, please read the Admission Policy of the Graduate School of Informatics and Engineering.

Application Requirement

Applicant should be either of the followings; 1)who holds a master's degree or related technical degree, 2)who is expected to hold a master's degree by admission. Or 3) applicant, who is not a master's degree holder but surpasses a master's degree holder in scholastic ability, may be accepted along with the pre-examination. If you are applying on 3), contact UEC Admission Office directly before more than a couple of months of the application.

Schedule in brief

(1) August Screening (Program begins either in October of the current academic year or in April of the following academic year)

Mid to Late July:	Application period
Mid August:	Oral examination
Early September:	Announcement of results
Late September:	Enrollment/Admission procedure (for October admission)
October:	October admission
Mid or late March of the following year:	Enrollment/Admission procedure (for April admission)
April of the following year:	April admission

(2) February Screening (Program begins only in April of the following academic year)

Early January:	Application period
Early February:	Oral examination
Late February:	Announcement of results
Mid or late March:	Enrollment/Admission procedure
April	Admission

Notes for application

(1) To apply, you must obtain a booklet of Application Guideline for Standard Admission of Doctoral Program of Graduate School of IE (including for privately-funded international students) 大学院情報理工学研究科 学生募集要項 博士後期課程 一般入試”. This is a set of application documents. The Admission Guideline are provided both in English and Japanese. Refer to the following URLs for how to request your copy:

Application Guideline: https://www.uec.ac.jp/admission/ie_graduate/pdf/doctoral_program_2022-2023.pdf

How to request for a copy (in Japanese): http://www.uec.ac.jp/admission/ie_graduate/request.html

- (2) Before filing your application, you are obliged to communicate with your preferred academic supervisor in which you wish to be accepted. Refer to the following URLs for contact:

Researcher Search: <http://kjk.office.uec.ac.jp/scripts/websearch/index.htm?lang=en>

"Introduction to Research" site: <https://www.uec.ac.jp/eng/research/introduction/>

List of faculty members (in Japanese): http://www.uec.ac.jp/education/graduate/faculty_member.html

Labo Guide (in Japanese): <https://sites.google.com/view/uec-arc/labo-guide/>

- (3) Your application should be filed only by either of the following 2 methods:

(i) Submit in person to the service counter of Admission and Public Relations Office

(ii) Registered mail within Japan 郵便書留.

If you are in overseas, you may ask your proxy to do as directed above.

Screening Methods

You will be screened comprehensively based on English ability, oral exam, and submitted documents. Confirm the updates on the website.

http://www.uec.ac.jp/eng/admission/ie_graduate/exam.html

1. English Ability (100 points):

The score of TOEFL or TOEIC will be evaluated for your language (English) ability. Submit, along with your application documents, the original score sheet of TOEFL (PBT), TOEFL (iBT), or TOEIC which you took within two years before the month you take the screening examination.

Note that:

(1) The original you submit will be returned to you.

(2) The score sheet of group tests, such as TOEFL-ITP or TOEIC-IP, will not be accepted.

(3) Unless you submit the score with your application documents, your application will not be filed.

2. Oral Examination:

You will be interviewed about academic achievement in your specialized subjects, thesis for master's degree, and plan of study. International students will also be tested on Japanese ability.

Tuition and Fees

Examination fee costs 30,000JPY. The receipt for the fee must be pasted on the exam admission slip, attached in the Admission Guideline.

Entrance fee and tuition are 282,000JPY at enrollment and 267,900JPY per semester, respectively.

None of the above fees will be returned once you pay and they are subject to change.

Admission Guide to Privately-Funded International Students for Research Student Program in Graduate School of Informatics & Engineering (IE)

“**Research Students**” are allowed to study in fields of their interests under their academic supervisors’ guidance. However, they are neither eligible to earn credits and a degree, nor considered as full-time students such as “undergraduate students” and “graduate students.”

Refer to the following URL for latest detailed info of the admission schedule in English:

https://www.uec.ac.jp/eng/admission/resstu2022_10.html

To apply, you must obtain your supervisor’s informal consent. Refer to the following URL for contacting UEC faculty members:

Researcher Search: <http://kjk.office.uec.ac.jp/scripts/websearch/index.htm?lang=en>

"Introduction to Reserach" site: <https://www.uec.ac.jp/eng/research/introduction/>

List of faculty members (in Japanese): http://www.uec.ac.jp/education/graduate/faculty_member.html

Labo Guide (in Japanese): <https://sites.google.com/view/uec-arc/labo-guide/>

Your application will be completed with ***not only sending the application documents by mail to UEC International Student Office, but also paying the application fee by domestic bank transfer.*** If you are in overseas, you must ask your proxy, who is preferably acquaintance or friend of yours in Japan, to make a bank transfer. Ask someone other than your academic advisor for your proxy as much as possible.)

Approximate Schedule (Confirm the updates on the website.)

(1) Admission in Spring Semester, starting on April 1

a) International Application: Applicants who reside overseas:

****You must ask your proxy in Japan to make a bank transfer of the application fee.***

Early to mid November: Application period

By late December: Notice of the screening results by registered mail

b) Domestic Application: Applicants who reside in Japan:

Early to Mid January: Application period

By mid February: Notice of the screening results by registered mail

(2) Admission in Fall Semester, starting on October 1

a) International Application: Applicants who reside in overseas:

****You must ask your proxy in Japan to make a bank transfer of the application fee.***

Early to mid June: Application period

By late July: Notice of the screening results by registered mail

b) Domestic Application: Applicants who resides in Japan:

Early to mid August: Application period

By early September: Notice of the screening results by registered mail

Required Documents

Refer to the following URL to prepare your application:

<https://www.uec.ac.jp/eng/admission/> (in English)

http://www.uec.ac.jp/admission/etc-system/kenkyu_international.html (in Japanese)

*Be sure to obtain your academic supervisor's permission (by signature and seal) on both the Application Form and Academic Supervisor Confirmation Form before submission. If not, your application is not filed at all.

Screening Method

All applicants will be screened by submitted documents.

Tuition and fees

Application fee	9,800JPY	Must make a bank transfer in Japan.
Entrance fee	84,600JPY	
Tuition per semester	178,200JPY	

*Any of the above will not be returned once you pay.

*All the above are subject to change.

During a term, when you become UEC graduate student or if you must leave for your personal reasons, you are obliged to submit **a Request for Discontinuance of Research**. Please be aware with the visa status of “College Student” you are not allowed to stay in Japan if you stop your research activity. As needs arise, UEC checks with the laboratory you are accepted to confirm whether or not you are willing to continue.
